PARRAMATTA STADIUM HOME TO NEW FAMILY MARKETS

Parramatta Stadium has announced it will host weekly markets starting next Sunday (5 June) offering boutique merchandise, food and craft stalls, fresh produce and live entertainment.

Stadium Director Luke Coleman said the *Cumberland County Fair and Market* will also feature community, merchandise, business and information stalls.

"These markets – which are the first of their kind in Western Sydney - have something for everyone," Mr Coleman said.

"Live music and street acts will add to the atmosphere and children can enjoy small fairground rides, a pet zoo, face painting and plaster figure painting.

"This unique initiative was developed by the Parramatta Stadium Trust to meet demand in the local area and Greater Western Sydney for a new community event that could attract tourism and business opportunities.

"I am delighted that this community gathering will be implemented in the 25th year of Parramatta Stadium.

"The *Cumberland County Fair and Market* will be held at the gateway to Parramatta Park, in the Stadium's North Car Park at the end of Victoria Road, which was significantly expanded last year.

"As part of the car park's upgrade, a power supply was installed along the eastern and northern retaining wall to service up to 200 stalls.

"This is a great opportunity to create a vibrant hub of regular activity for local families, while utilising our fantastic Parramatta Stadium facilities.

"I encourage Western Sydney locals and visitors alike to get involved in the *Cumberland County Fair and Market*."

The markets will run every Sunday between 9am and 3pm.

The *Cumberland County Fair and Market* is managed by the Parramatta Stadium Trust in conjunction with Bazaar Marketing.

The Parramatta Stadium Trust manages Parramatta Stadium on behalf of the NSW Government.
